

Entry:

- All Sugarloaf Mountain Athletic Club (SMAC) members in good standing (i.e., you've paid your SMAC membership fee for the year) are eligible. The participation fee is \$30.00. All proceeds go directly towards awards and food at the Closing Ceremony (which is free to all 6/7 Club Challenge participants).
- The Challenge is built on the ideas of competition/sportsmanship and fun/participation in the process of further developing running ability.
- Registration will be accepted at any time. However, there is no "grace period" whereby a runner's participation in races prior to receipt of entry will count for points (a.k.a. there is no "back-points" rule).

Points:

Any disputes concerning points or standings will be heard by the Club Challenge director. Those decisions are final (SMAC is not accountable for further appeal).

Points are accumulated via racing and there are two determinants (finish position and distance raced) in obtaining:

1.) A Participant Runner earns points according to the order of finish – points are the reverse sequential order of the total number of Participant Runners. See example below.

2.) A Participant Runner earns 1 point for every race mile (race distances are rounded to whole numbers) completed in each of the races included in the Club Challenge. A Participant Runner who does not finish a race (DNF) earns no points for that race.

Awards will be given to all runners who complete ALL of the events ("Club Challengers") and top 3 male/female point earners.

Club Challenge participants will be listed on the SMAC website (<http://sugarloafmountainathletic.org>) and point updates will be posted by the director after every event.

An example of 9 men and 6 women Club Challengers from a recent 5k. Notice 15+16 Overall had same finish time and so were tied in points earned and eliminated any 6point-getter for men. The column with an "X" in it denotes those runners in the race who are not in the Club Challenge.
